

A man and a woman are hiking on a dirt trail. The man is wearing a blue shirt and dark pants, carrying a large backpack. The woman is wearing a red jacket and khaki pants, also carrying a backpack. They are both smiling and looking towards the camera. The background is a rocky, wooded area. Large green letters 'EVO' are overlaid on the image. The 'E' is on the left, the 'V' is in the center, and the 'O' is on the right. The 'O' is a large circle.

# INTRODUCING THE RENEGADE EVO SERIES

## A NEW MODERN CLASSIC

Not every hiking boot has what it takes to become a true classic – unless it's one of LOWA's most popular models, the global bestseller RENEGADE. But after 25 years of worldwide success, we knew that something great could be made even better. With this in mind, LOWA went to work to evolve the RENEGADE family of multi-function hikers into a new design that marries the best of the original RENEGADE concept with great new functional and design features.

Highlights of the new RENEGADE EVO family include:

### FEWER SEAMS – MORE COMFORT

The upper now conforms to the foot better, thanks to fewer seams. Fewer seams also reduces the number of potential pressure points, with less chance of wear on the medial side.

### REDESIGNED MIDSOLE PACKAGE

The sole package used in the RENEGADE EVO features dual-density injection technology, with softer cushioning DynaPU® inserts under the heel and firmer DuraPU® material where more support is needed.

### NEW VIBRAM RENE TRAC® OUTSOLE

The self-cleaning VIBRAM RENE TRAC® with a multidirectional tread design provides optimal grip on a wide variety of terrain and conditions.

### ANGULAR LOOK

New, angular lacing hooks and redesigned MONOWRAP® CROSSOVER FRAME accentuate the modern look of the RENEGADE EVO.
